VAUXHALL
FINANCE

Gap insurance protection explained

If your vehicle was written-off or stolen, do you know how much it would cost you? It could be thousands of pounds if your motor insurer only pays out the market value at time of loss. What happens if the motor insurance settlement value is not enough to replace your vehicle or even pay off your outstanding finance?

How GAP insurance helps you

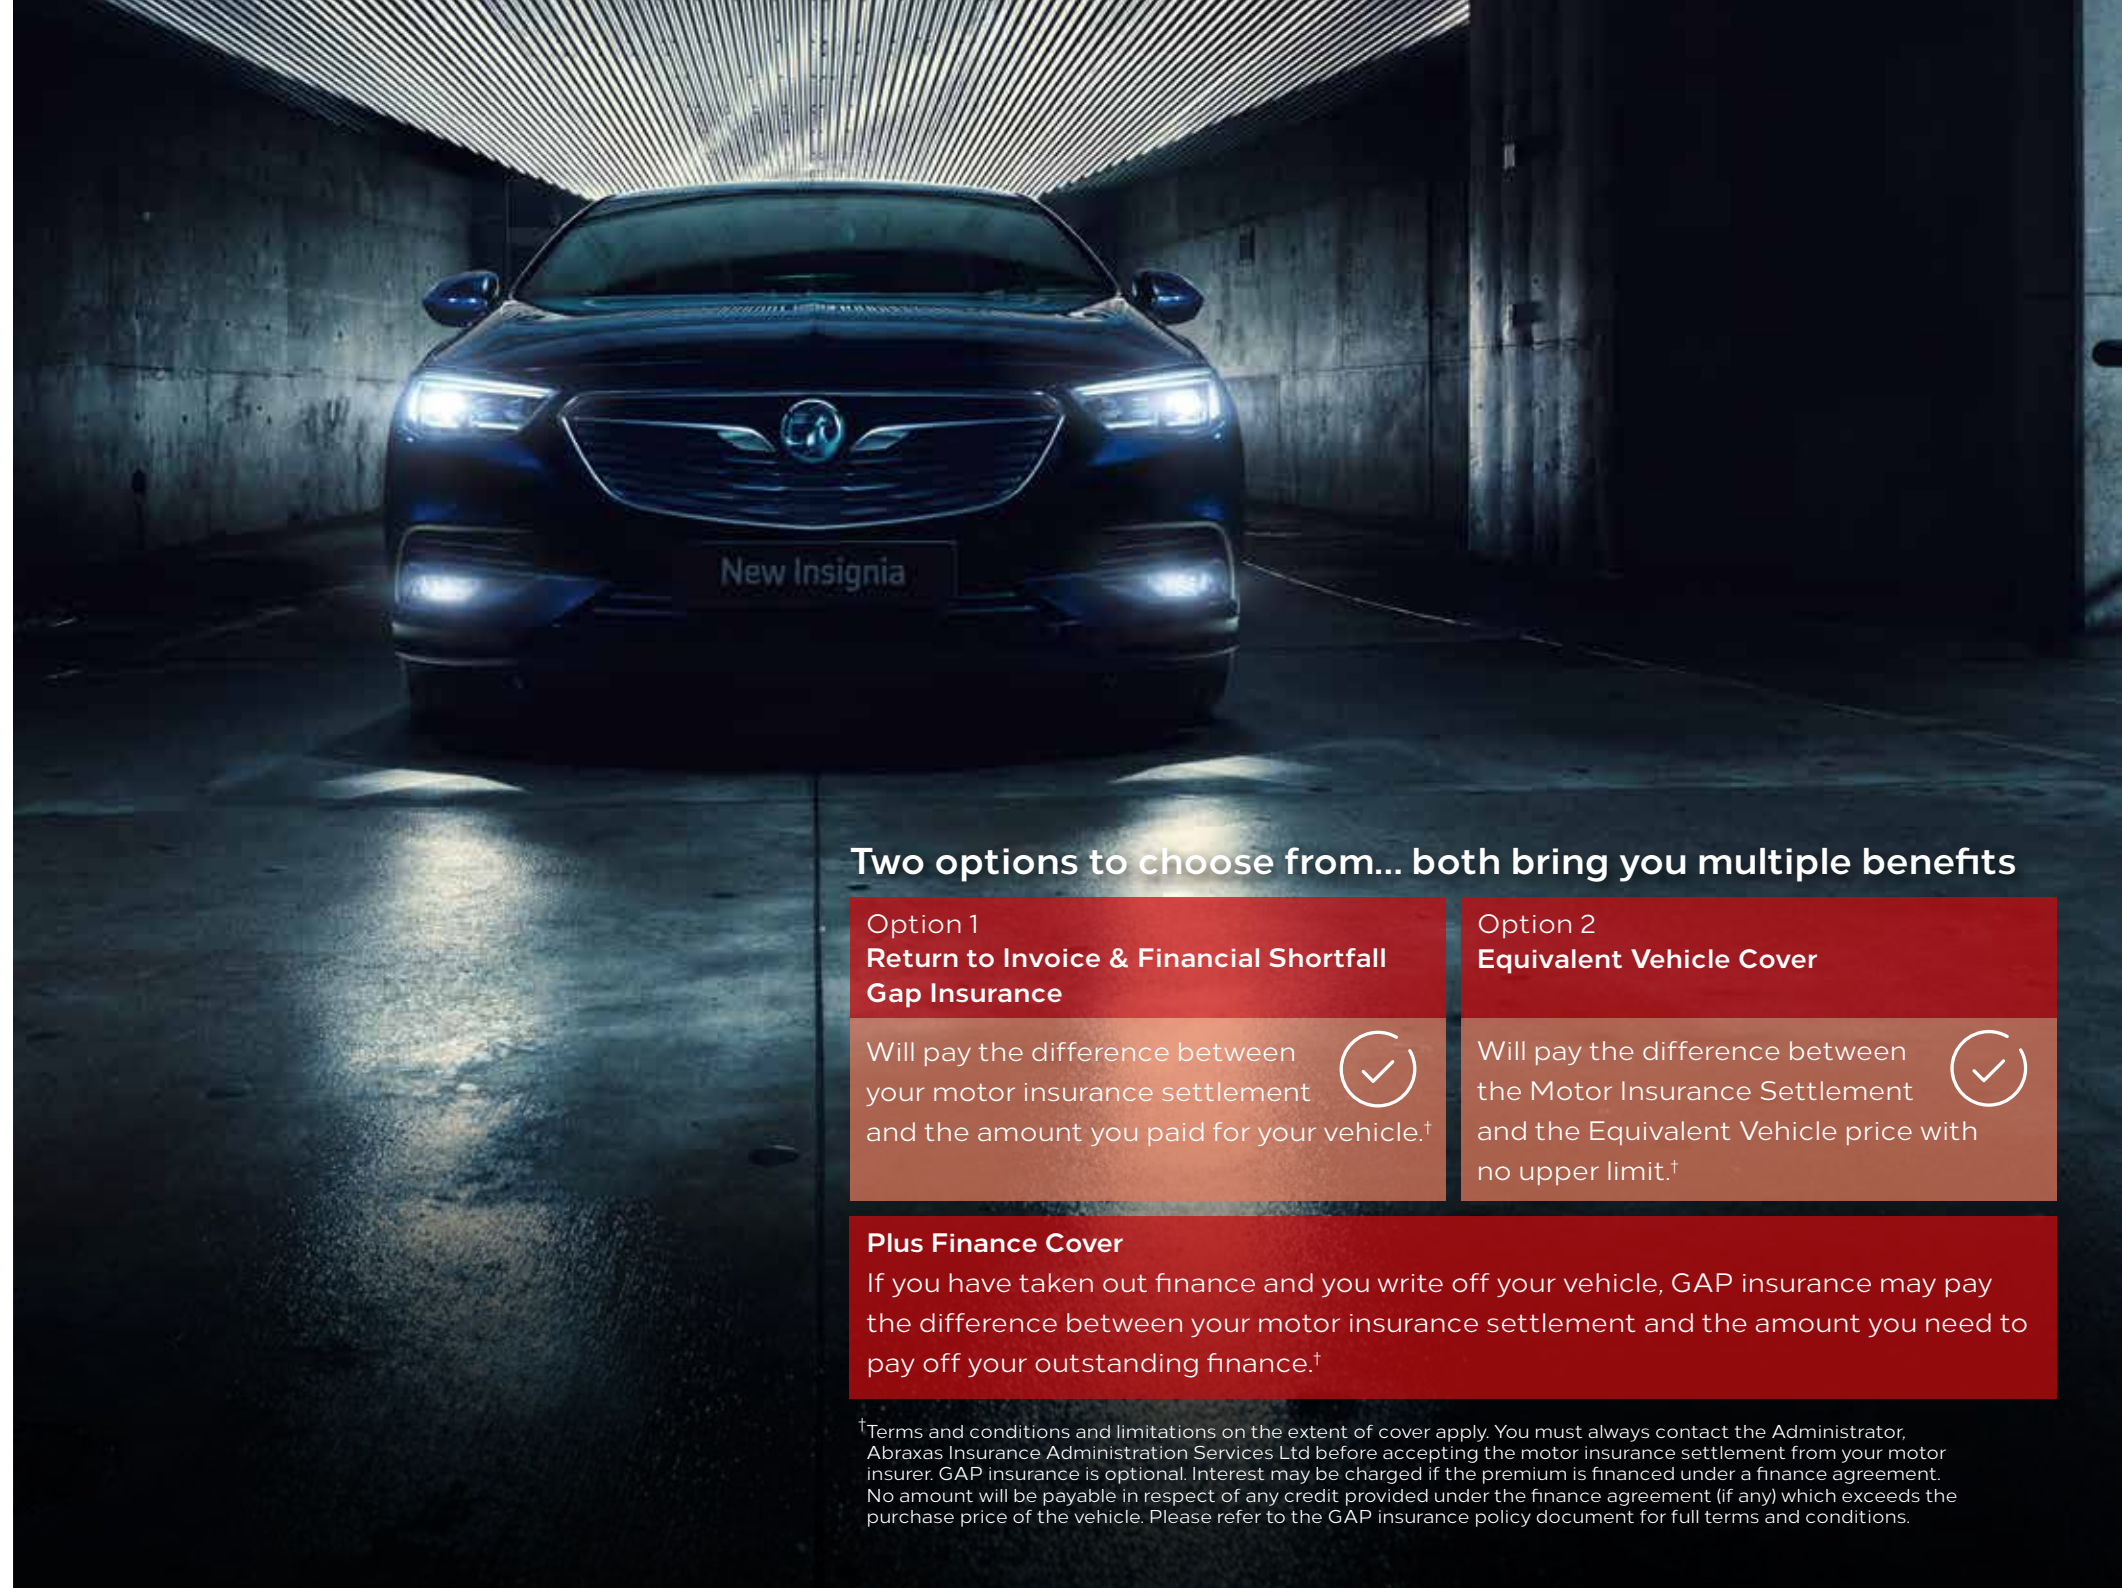

GAP insurance can help fill the shortfall between your motor insurance settlement and the amount you originally paid for your vehicle or the cost of a replacement vehicle or repay the outstanding finance on your vehicle depending on the level of cover purchased.
