# RE-fresh | Keeps your car on the road

## What is RE-fresh Tyre?

RE-fresh Tyre is a repair insurance covering the susceptible areas of your tyre against the cost of accidental or malicious damage, for the selected period of cover. We'll even organise any necessary work to take place wherever suits you – including at your home or workplace (subject to the repair required).

## Should I take out RE-fresh Tyre?

Your car's tyres take a real beating. They tackle all the hazards of day-to-day driving like potholes, debris or damaged roads.

Many tyres are replaced prematurely due to damaged roads or punctures, as well as malicious damage. Modern cars require increasingly complex tyres which are costly to replace. RE-fresh Tyre offers a cost effective solution to protect against the cost of damage to tyres.

**To keep your car tyres on the road contact your Vauxhall Retailer today.**
